

INTERIM COVER

Part of the Support product family

The Service

Interim Cover allows you to outsource the management of your IT function, should you find yourself at a resource shortfall. This could be for several reasons, whether it be the busy holiday period, unexpected absences, business critical projects or a simple recruitment gap.

Whatever the reason, our team of expert engineers can provide as little, or as much, cover as you require across your IT function, to take the pressure off and enable you to maintain productivity.

The Features

Outsource the management of your IT function

Expert engineer support, when you need it most

Tailored to suit your requirements

Remote support on hand + highly skilled

Unrivalled flexibility and cost advantages

ISO 27001 certified organisation

The Benefits

Fill resource gaps conveniently

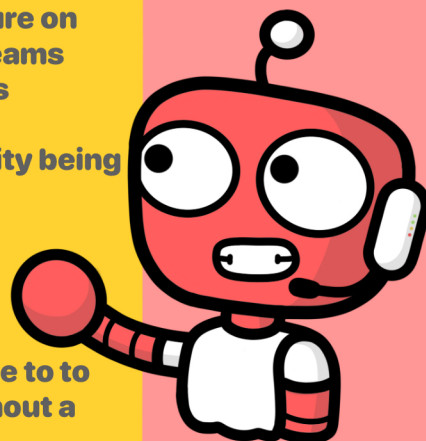

Reduce the pressure on yourself, your IT teams and your end users

Prevent productivity being affected

Proactive or reactive cover

Allows you the time to solve the gap, without a rush decision

Help that you can trust

Explore our 5 product families to find out more about the IT solutions we can offer your business.
